

**Pneumatic Cervical Traction Device**  
**Product Code: N10**  
**Ideal For**  
 Cervical Syndrome  
 Herniated discs  
 Moderate to serve sprain/strains  
 Maintain neutral alignment of the cervical spine  
 Limit unwanted flexion/extension and rotational movement

**Shoulder Mobilizer Device**  
**C05**  
**Indications:**  
 Frozen shoulder to regain mobility  
**Kit contains:**  
 Over door frame, handles, pulley & rope  
**Size: Universal**

**Universal Arm Sling**  
**E18**  
**Indications:**  
 Partial immobilization & clavicle injuries, support following casting, post-op application  
**Features**  
 Breathable cotton/poly fabric  
 Contact closure on envelope for adjustment S→L  
 Comfort shoulder pad & buckle closure  
**Size: Universal**

**Elbow Support**  
**E02**  
**Indications:**  
 Swellings, sprains, arthritis  
 Bursitis  
 Sports wear  
**Features**  
 Wrap design with Velcro-plush neoprene  
**Size: Universal**

**Post-op & Post-Casting Wrist Splint**  
**W08**  
 Wrist Brace (Sprain, Fracture, Dislocation, Early cast removal)  
**Indications:**  
 Post-op & post-casting application  
 Contoured plastic wrist-straps fixation  
 Protective support for post-casting & post-op application  
**Size: Universal**

**Carpal Tunnel Splint**  
**W09**  
**Indications:**  
 Rheumatoid arthritis, Sprains, Ganglion, Carpal tunnel syndrome, Instability & post-op  
 Wrap design with velcro-plush fabric, reinforced by plastic stays & serious sprains  
**Size: Universal**

**Shoulder Abduction Stabilizer**  
**E11**  
**Abduction Pillow**  
**Indications:**  
 Shoulder injury & post-op application  
**Features**  
 Pillows provide abduction (15°-45°)  
 Additional wedge to increase abduction  
 Stable fixation by shoulder & transverse straps  
**Size: Universal**

**Anti-subluxation/dislocation Shoulder**  
**C14**  
**Shoulder Support**  
**Indications:**  
 Subluxation/dislocation, bursitis subacromial  
**Features**  
 Breathable neoprene panel with anti-abduction & ext. rotation strap  
**Size: Universal**

**Dynamic Wrist Hand Finger orthosis**  
**H09**  
**Features**  
 Low-profile and lightweight contoured PE shells to hold the hand in neutral position. Extendable aluminium- alloys bars with butterfly screws allow easy and tool-free adjustment to control the degree of extension of fingers.  
 Durable springs helps hold wrist, hand and fingers in extension and allow dynamic finger exercises  
 Soft and skin-friendly foam inners provide ultra comfort to skin.  
 The foam liners and straps are removable for washing

**W05 - De Quervain's Thumb Splint**  
**Indications:**  
 De Quervain's tenosynovitis, sprained thumb, stable thumb fracture & trigger thumb  
**Features**  
 Made of velcro-plush fabric with contoured plastic thumb splint  
**Size: Universal**

**Universal Wrist Splint**  
**W12**  
 Wrist Brace (Sprain, Fracture, Dislocation, Early cast removal)  
**Indications:**  
 Sprain, CTS, Early cast removal, stabilize wrist fracture  
 Breathable pile fabric  
 Two pieces designed construction  
 Dorsal & palmar aluminum stays  
**Size: Universal**

**Finger & Palm Splint**  
**Hand Sprain / Fracture**  
**Indications:**  
 Phalanx and metacarpal fractures or dislocation  
**Features**  
 Can be molded to a desired position & straps fixation  
**Size: S-M / L-XL**

**Dynamic Finger Extension & Flexion Device**  
**H13**  
**Indications:**  
 Finger flexion & extension device  
**Features**  
 Self-treatment of extension and flexion deficit of the PIP joint  
 Can also be used for DIP extension  
**Size: S/M/L**

**Rib Belt & Abdominal Slim Belt**  
**C01**  
**Rib Fracture**  
**Indications:**  
 Rib fracture & soft tissue injuries, after child delivery or abdominal surgery  
**Features**  
 Elastic velcro plush fabric panel with foam cushion  
**Size: Universal**

**Caribbean SilkSoft Lumbo B38**

**Features**  
Durable SilkSoft material to ensure uparallel wearing comfort. Duo-pull elastic panel design allows separate compression levels on abdomento ensure optimum comfort. Four contoured steel stays for improved stability.

**Sacro-Symphysis Belt B12**

**Indications:**  
Sacroiliac joint disorders, symphysiolysis and dysplastic flat hip Pelvis surrounding belt with straps tighten by non-slip buckles or velcro  
**Size: S-M (28"-42") / L-XL (40"-54")**

**Rom Hip Stabilizer T04**

**Indications:**  
Post-op hip stabilization at risk to dislocate  
**Features**  
Rom hip hinge with selective flexion/extension control  
Adjustable hip abduction (0°-60°)  
**Size: S-M / L-XL**

**Multiorthosis Knee Brace Black K15A**

**Indications:**  
Instability, post-op care  
Adjustable dial-in dual axis hinge with extension & flexion control  
Anti-migration pad, liner & strap  
**Size: S/M/L/XL**

**Hinged Knee Wrap K16**

**Post-op & ligament instabilities**  
**Indications:**  
Sprains, ligament instability & post-op care  
**Features**  
Breathable neoprene & wrap design  
- Hyperextension lock hinges for alignment & stability protection  
**Size: S/M/L/XL**

**Post-op Knee Brace K19A**

**Post-op & ligament instabilities**  
**Indications:**  
Post-op care for ACL, PCL & others  
**Features**  
Hinge with extension & flexion control (Dural Axis)Adjustable or fixed by length metal bar  
Replacement pad, liner & strap  
**Size: 16" / 20"**

**Reinforced Ankle Brace A03b**

**Indications:**  
Serious sprains, ligament instability & stable fracture  
**Features**  
Lace-up design with Velcro-brushed fabric reinforced by figure "8" straps & aluminium stays  
**Size: S-M 18-26cm L-XL 26-34cm**

**Ankle Stabilizer A05**  
**Ankle Sprain & Brace**

**Indications:**  
Sprains, Chronic instability Post-op care, Protective sports wear  
**Features**  
Plastic shells splinting Fig. "8" strapping  
Breathable & durable pile fabric for wearing comfort  
**Size: S-M 18-26 cm L-XL 26-34 cm**

**Stable Ankle Stabilizer A08**

**Indications:**  
Ankle sprain, chronic instability & stable fracture  
**Features**  
Anatomically moulded plastic for both medial and lateral support  
Breathable soft fabric liners  
Stabilized by figure "8" straps  
**Size: S 17-22cm M 22-26cm L 26-30cm Universal: 18-22cm**

**Foot Elevator A18**

**Indications:**  
Drop foot  
**Features**  
A walking aid fits in a lace-up shoe or barefoot to elevate the forefoot by wrap around band  
Walks with a raised foot  
Free movement of foot & ankle  
**Size: Universal**

**Foot Drop Splint A34**

**Indications:**  
Drop foot  
**Features**  
A walking aid fits in a lace-up shoe or barefoot to elevate the forefoot by wrap around band  
Walks with a raised foot  
Free movement of foot & ankle  
**Size: Universal**

**Orthotic Insoles F23**

**Indications:**  
Flat-foot, arch pain, heel pain, metatarsalgia  
**Features**  
Metatarsal support for ball of foot pain (metatarsalgia)  
Arch support for flat-foot, heel pain & valaugus heel  
Heel support & cushioning for plantar fasciitis  
Able to trim for size adjustable  
**Size: shoes size S 35-37 M 38-40 L 41-43 XL 44-46**

**Metatarsal Pad Bandage F26**

**Indications:**  
Metatarsal pain, hammer-toes, metatarsal rough & calluses, overlapping toes  
**Features**  
Breathable velcro  
Wrap-around bandage with built in metatarsal pad  
Strap to correct the second toe alignment  
**Size: Universal**

**Flat-foot Corrector F29**

**Flat foot**  
**Indications:**  
Flat-foot, arch pain, valgus & varus heel  
**Features**  
Full arch support & can be worn barefoot  
Correction of Valgus heel by inner wedge  
**Size: Universal**
